DISAPPOINTMENT ABOUNDBy Ginger MatthewsOnce again, I was lured into a decent storyline only to find (after the fact) that this story is heading into yet a 4th book. If I had known when I got the first book that this would keep dragging out into multiple books, I would probably have passed it by. It is so irritating. I just don't understand why they don't just keep writing until they finish THEN release the complete book. At this point, having to know I will need to purchase at least one more book, I might just use my imagination to complete it. The storyline was great but, again, I hate the multiple book releases-not just from this author, but all.0 of 0 people found the following review helpful. Great continuation of a sweet love story!By Toni YatesWow! Didn't see all the drama coming in this book! Once again, Noelle captured me in the continuation of this sweet love story! It is sweet that Brody keeps showing Reese that he will stand beside her and that he believes in their love regardless of his family. I don't like his mother. She is hateful and conniving with how she is trying to manipulate Reese. And it looks like she succeeded. I can't wait for the fourth book! I hope Brody learns the truth about what his mom did. I hope he doesn't give up too easily on Reese and that he doesn't let her run away from him.0 of 0 people found the following review helpful. I really enjoy this authorBy Danell D. MerrittI really enjoy this author. I read this book in the same night that I read the first two in this series. I eagerly await the 4th part of this series. She kept me interested all along. I read three books in one night.
